Blevins CC&A

2019-2025

General Contractor

- Perform general contracting services on a small and local level.
- Responsible for project planning, cost estimation, and obtaining permits, hiring, and management.
- Coordinate with subcontractors to ensure compliance with building codes and safety regulations.
- Manage project budget and schedule.
- Oversee site construction, material acquisition, and quality control.
- Serve as main point of contact between clients and all other project stakeholders.

Jet-Blast Oilfield Services

2011-2014

Co-owner/Co-Manager

- Offered wide range of oilfield services including equipment cleaning and inspections and equipment rentals.
- Responsible for business strategy, financial management, client relations, and ensuring operational safety and compliance.
- Responsible for managing company assets and resources, negotiating contracts with oil and gas operators, overseeing day-to-day operations for drilling, production, or maintenance services, and fostering technological innovation to improve efficiency and maintain a competitive edge.

AmCat/AmerAdjust

2003-Present

Independent Insurance Adjuster

- Manage and investigate large-scale, complex commercial property claims, determining policy coverage, assessing damages, and negotiating settlements while overseeing teams of specialized adjusters and consultants.
- Key duties include evaluating extensive property damage from events like fire or natural disasters, coordinating experts and legal teams, managing claim costs, preparing detailed reports for insurers, and presenting findings in legal settings.
- Obtained designation of Executive General Adjuster (EGA).

Insurance Appraiser *(for various Insurance Adjusting Firms)*

1996-2003

- Primary responsibility is to inspect and assess the value of damaged or lost property, such as vehicles or homes, to determine the cost of repairs or replacement.
- Document damages, calculate the estimated costs of parts and labor, and create detailed reports with their findings for the insurance adjuster.
- Communicate with policyholders, repair shops, and other stakeholders, ensuring accurate assessments and facilitating the claims process by staying up to date on industry standards and technologies.

United States Army

1984-1988

Infantry / Squad Leader

- Achieved rank of Sergeant in just over two year of time in service.
- Responsible for the overall health, welfare, training, and performance of the squad, typically 9-10 soldiers, during both peacetime and wartime.
- Key duties include tactical leadership on the battlefield, such as maneuvering and directing fire; administrative duties like maintaining equipment, conducting counseling, and ensuring accountability; and training and developing soldiers by leading physical training, teaching drills, and providing mentoring.
